

SUREDROP

THE MOST SECURE FILE SYNC AND SHARE TOOL

SUREDROP IN ACTION

SureDrop is the most secure file collaboration solution. Whether used as a file sync and share tool internally - LAN - or, externally among trusted users - DMZ - or anywhere and everywhere over the www.

SureDrop is brought to you by the leading developer of certified network data encryption security - Senetas. Used by major brands and governments in more than 30 countries.

* Optional external storage service.
SureDrop is available with secure file storage or use your own storage.
